Saadiyat Golf Club

Saadiyat Golf Club is created by undisputed sports legend Gary Player. It is undoubtedly one of the world's most uniquely interesting golf projects. As the Gulf's first ocean course, Saadiyat Beach Golf Club features numerous beach-front holes in a course that weaves in and out of several five-star hotels lining the beach. A large segment of the course command remarkable views of the Gulf's sparkling, crystal blue waters fringed by perfect white sands.

The amazing golf course route provides a remarkable variety of golf experience with every hole having their special character. From the formation of a water habitat, to the introduction of salt-water lagoons, restoration of the beach and sand dunes, the course has been designed with stringent environmentally friendly guidelines and compassion for the surrounding natural environment.

Each hole in the championship golf club is being carefully calibrated and invested to cater to golfers across different levels. Saadiyat Beach Golf Club offers each golfer, regardless of ability, a "Member for a Day" experience with the best level of sincere customer service, from personalized lockers and bag tags to those personal touches from our multi-cultural staff.
