## About Bali Golf Courses

### Nirwana Bali Golf Club

Ranked as one of the 'World's 100 Greatest Courses' by Golf Digest, Nirwana Bali Golf Club reflects the natural beauty, spirituality and rich culture of Bali. Overlooking the Tanah Lot temple and beautifully set amongst manicured gardens and rice paddies, the diverse and meticulously maintained course was the fruition of an inspired Greg Norman who wanted to design an unparalleled golfing experience with its five ocean-side holes, three cliff-to-cliff tee shots and eight holes sculpted into the terraced rice fields. Your picture perfect moment arrives at the signature 7<sup>th</sup> hole, a spectacular yet daunting Par 3 set against the backdrop of the sacred sea temple of Tanah Lot with the Indian Ocean thundering against the cliffs below.

### New Kuta Golf

Located off Dreamland Beach and between the brilliant white cliffs and the blue waters of the Indian Ocean, New Kuta Golf is Bali's spectacular answer to links styled golf; a blend of rolling fairways, semi-rough of natural grasses, bunkers copious with sand, and undulating greens made more challenging by the fickle winds that sweep across the course. The front nine takes the golfer inland through beautifully undulating terrain before turning seaward on the back nine for a completely different windswept experience. A short iron or fairway wood into the green? Only you can decide. Rather than a signature hole, New Kuta can be said to be a signature course, one where the Asian Tour found fit to host the 2009 Indonesian Open. At New Kuta Golf, It's not over till the fat lady sings, and a good round going doesn't mean a good score until you safely navigate the cliff-treacherous and windswept trio of holes 16, 17, and 18. We hear an afternoon tee-off is best for a breathtakingly unforgettable finish set against a kaleidoscopic Balinese sunset.

## About Bali Golf Courses

### Bali Handara Golf & Country Club

How exciting is the thought of golfing inside the crater of a volcano? Bali Handara offers that unique experience in the cool highlands 3750 feet above the rest of Bali. The first golf course on the island and a two hour drive from Kuta, the long and winding road brings scenic changes worth the ascending journey through rice paddies and traditional villages. Itself surrounded by the crater lake of Bedugul and equatorial rain forest, the golf course is a mature tree-lined challenge of elevation changes; as with the 560 yard, par 5, 18<sup>th</sup> which opens with a distance gaining downhill drive, then claws back the yardage gained like an Indian giver with two approaches back uphill to an elevated green. Once ranked by GOLF Magazine as among the "Top 50 Greatest Golf Courses in the World", Bali Handara is more mountain golf than island golf.

Designer	: Peter Thompson and Michael Wolveridge
Holes / Par / Yardage	: 18 holes par 72 (7024 yards)
Established	: 1974
Green / Caddy / Buggy Fees	: US \$150 (wkday & wkend) all inclusive of caddy, buggy, and 1 bottle of mineral water
Distance	: 2 hours from Kuta, 1 hour from Ubud
Facilities	: Accommodation, restaurant, spa, golf academy

### Bali National Golf Club

Following a complete redesign to championship standards, Bali National Golf Club now measures 7,100 yards and proudly calls itself the flagship of Bali golf. Close to many top hotels at Nusa Dua, this Hawaiian-styled golf course has the golfer starting out through a lush tropical forest set on hilly parkland. At the turnaround, the back nine plays over more level land that is a spectacular presentation of landscaped coconut groves and man-made lakes. The final two holes calls for a golfer's best; the signature 17<sup>th</sup> hole, an island green reminiscent of the famed 17<sup>th</sup> at TPC Sawgrass, requires surgical precision to avoid a watery grave. What follows on the final tee is dogleg par 4 that finishes with the golfer putting out in full view of clubhouse spectators.
