Al Badia Golf Club

Enjoy Dubai's premium golf experience on the 18-hole Al Badia Championship course; designed by famous golf architect Robert Trent Jones Jr. Fully utilizing the character and beauty of Arabia, the finely manicured grounds showcase a magical desert oasis theme, including 11 lakes, several ponds and numerous cascading waterfalls. Plants and trees are indigenous to the Arabian Gulf, while the "rivers of sand" concept adds further texture to the design providing a visual extension of the lakes and streams. The golf course poses a challenge even for the seasoned golfer but welcomes the recreational player. The par-72, 7,250 yard course offers four tee positions on each hole, giving every handicapper an appropriate level of play.

No expense was spared creating the layout and its rich fairways are kept in immaculate condition via some interconnected lakes that supply water for the paspalum grasses. 12 out of the 18 holes on the course contain water hazards in the shape of ponds, streams of waterfalls which significantly beautify the golf course giving it a natural look and atmosphere; highly suitable for those who crave for a getaway from the hectic city life.
