Dubai Creek Golf & Yatch Club

The par 71 course that measures 6,967 yards is an unforgettable journey from the first tee to the 18th green. The fantastically trimmed fairways are undulating, defined by hills, date and palm trees and water. Apart from the Creek, which comes into play on at least four holes, some synthetic lakes complement the beauty and toughness of the golf course.

Fairways and greens are carefully maintained and trimmed which is a feature and it is highly difficult to par from tournament tees. The course is easier from the tees in front making it suitable for the novice golfers. While the length of the tee helps, the focus is undoubtedly on the accuracy of the approach shots because most of the greens are multi-tiered.

The course sets up for an exciting finale to a round with its two par 4 closing holes. The 17th and 18th have the Creek protecting the entire left side of the fairway. While the 17th can still be conquered with proper planning, the 18th requires intellectual participation on every shot. There is water on the left and a long bunker on the right, beyond which is water again. A decent drive will still leave you with a long iron into the tiered and sloping green, which is guarded at the front and right by a water body.

Golf does not end at sunset at Dubai Creek. The Club is well-equipped with a Driving Range and the Club's outstanding practice facilities are all floodlit to allow play late into the night. The clubhouse has won numerous awards across the world and with the green lush fairways of the course lapping the shore of the creek.
