Apart from the Creek, which comes into play on at least four holes, some synthetic lakes complement the beauty and toughness of the golf course. Fairways and greens are carefully maintained and trimmed which is a feature and it is highly difficult to par from tournament tees. The course is easier from the tees in front making it suitable for the novice golfers. While the length of the tee helps, the focus is undoubtedly on the accuracy of the approach shots because most of the greens are multi-tiered. After golf, departure transfer to the airport for your homebound flight.
