Hi Cassandra

Some feed back for you

Transport: excellent, always on time and drivers friendly and helpful.

Small point. The tickets given to us for the DP event were a reminder to pre order tickets not actual entry tickets. We went on the website and registered and solved problem. Just for future information

Hotel; excellent as usual. We were all upgraded to great rooms. Staff very friendly and helpful

Golf: no problems with booking. All courses expecting us. All three courses in very good condition

In summary we had a great time with no hitches. Your organization was impeccable as usual. Thank you for the organization and help

Kind regards

David
