My feedback on the driver of the second bus assigned to us. 

1. On day of departure, the driver refused to pick us at the Vanda hotel front because he claimed the he cannot come into the city !!! We have to walk a long distance to the bridge to board the bus!

2. Driver goes home after dropping off at the golf course!! Sometimes we need to take things from the bus which we forget to take!!! Bad attitude and lazy driver! Should not use him again !!

3. Guide tried her best to please us. She is good!
