Hi Cass,

Thanks for organizing a memorable and amazing trip which was leaded by Amy.

She has provided her professional services by communicating with our team and realign all the itineraries that we prefer too.

Our team enjoy very much and they have massage for 3 nights and also some other activity like buggy ride at their own cost.

The hotel wise not so comfortable as feedback by my boss but of cos becos we opt for budgeted hotel haha, overall are fine.

Best regards,

Emerine Tan
